

Language – Italian

Do you want to learn how to speak Italian?

Are you interested in exploring the Italian culture?

In this course, students engage in vocabulary and grammar expansion and of experimentation with different forms of communication (for example, digital and hypermedia, or group discussions). Students will learn to use possessive, and reflexive pronoun forms. Students consolidate their understanding of present tense, and begin to study the past and future tenses to engage in more fluent conversation.

Students engage in learning how to maintain conversations in both a written and spoken context. Students connect to the literacy through exposure to Italian Narratives. Furthermore, students will develop an understanding of culture through Italian procedures linking to food and Italian pop culture through biographical studies of Italians who have left an impact on the country.

Grazie e Arrivederci.
